About me

ART IS A PURE EXPRESSION.

I make art to show my soul that I am listening.

It is like breathing a fresh thought every day and releasing suppressed emotions. Art has allowed me to understand and reflect on many things in life.

I am Suruchi Purwar. Born in Jhansi and brought up in Jabalpur (M.P) and holds a degree in B. Tech (Computer Science) and worked with some companies. Coming from a technical background, I never thought twice before entering this field. It struck me to do something different, which I love the most and having a passion and interest dragged me to this field, though I had no professional experience in the arts field. After entering into this, there was no looking back. I loved how art has become part of my life and soul. With time, this deep love for art transformed into my passion, and I named it "Ranggat-An Art from Soul". Ranggat is derived from the Hindi word "Rang", which means 'colour' and Ranggat says 'colour appearance'. I am working on mediums such as Resin Art, acrylic and texture art , Dot Mandala art. Ranggat offers an exclusive range of handmade paintings to decorate all kinds of interiors. Now, I am an engineer by degree and an artist by profession.

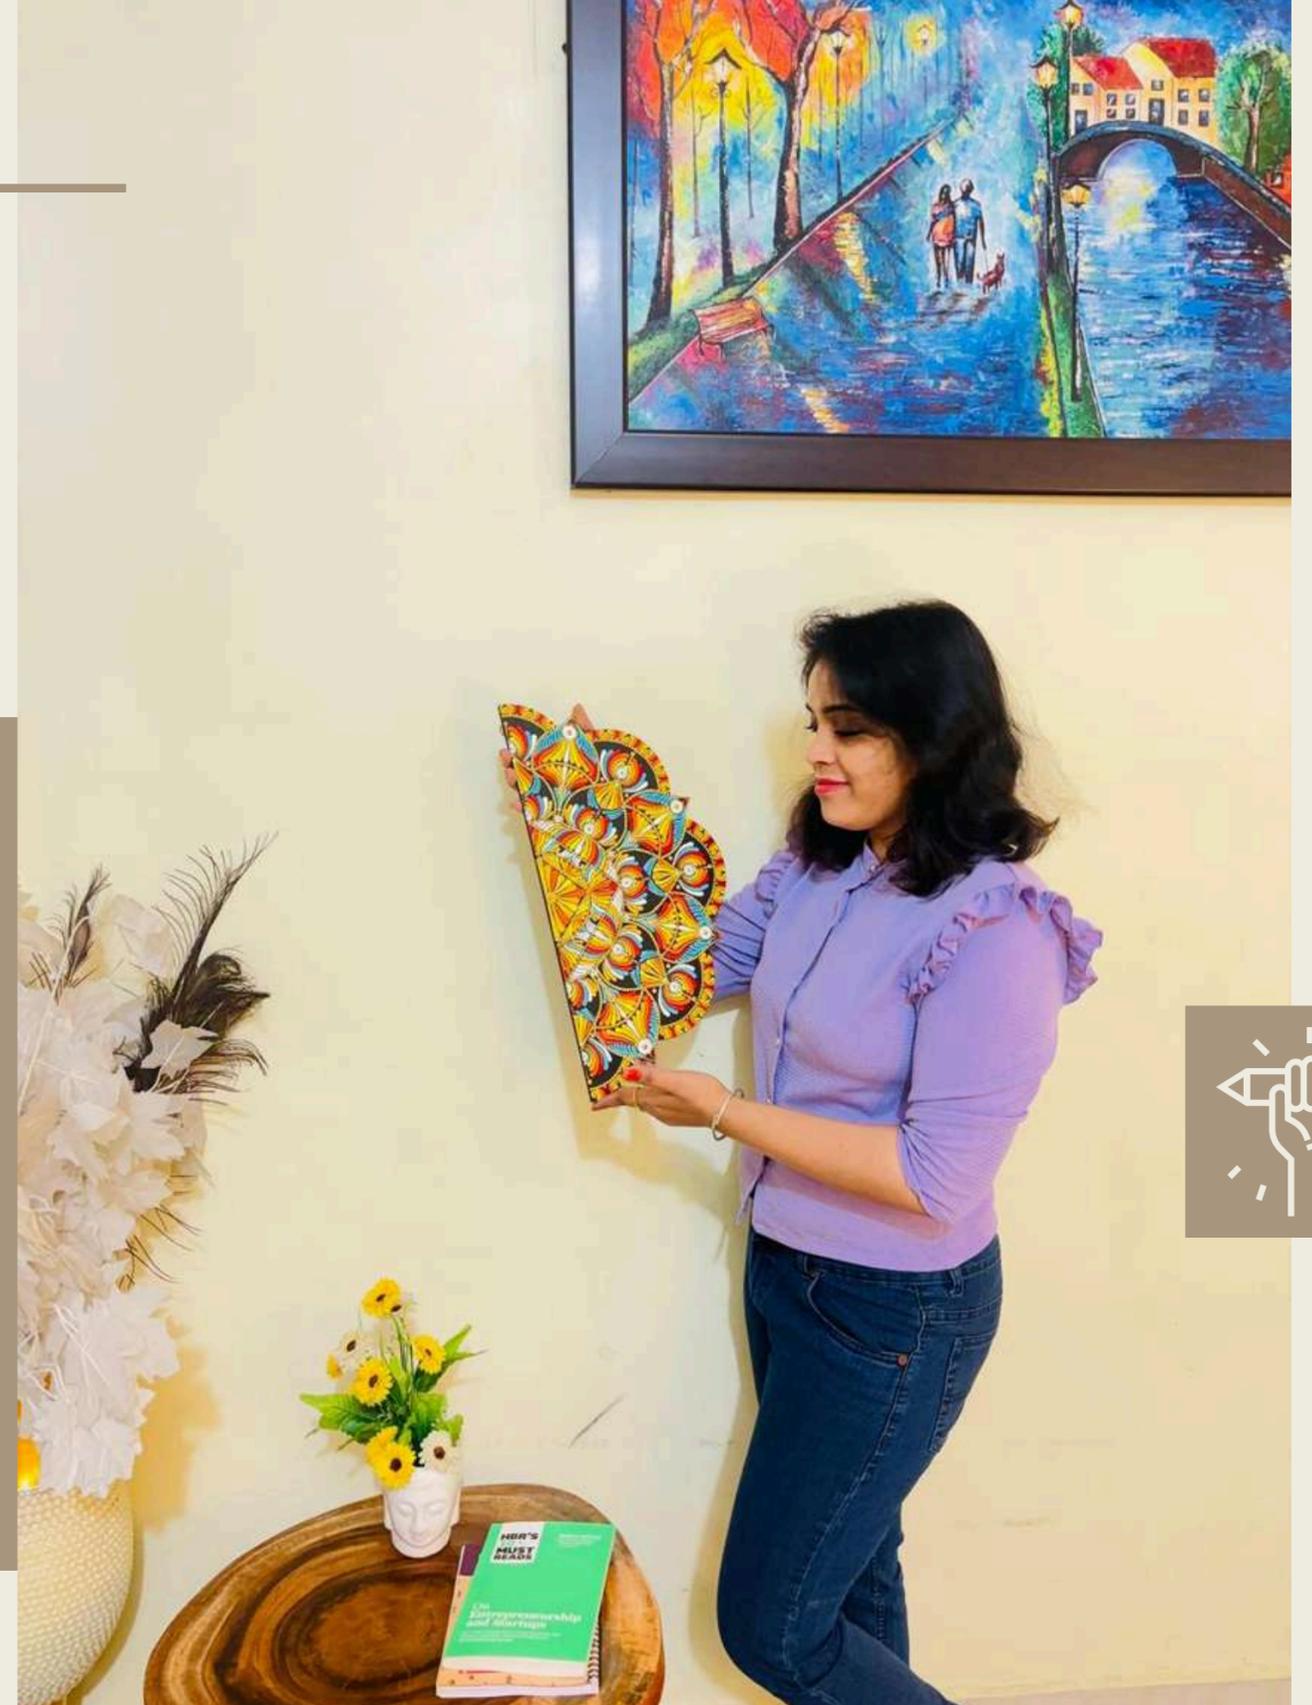

How me and my service is
HELPING SOCIETY

Art is a reflection of society and culture.

As an ART Instructor or **ART Business Owner**, I have an undeniable passion for the arts. I believe that AGE is JUST a NUMBER to learn art. I conduct online and offline classes on different forms of art.

My teaching styles aim to motivate people to bring out the artist in them. It helps my students to work under freely creative conditions. My artwork encourages people to create their masterpieces. Teaching art promotes expression and creativity. Colours play a vital role in one's mind. It is a powerful communication tool which can be used to signal action, alter mood, and influence physiological reactions. Colours and emotions are closely connected. Warm colours can evoke different emotions than cool colours, and bright colours can create different feelings than muted colours. Art encourages my students to use varied avenues of self-expression and allows them to use the more creative side of their brains.

They feel more relaxed, confident, and focused and develop patience while creating artwork. I believe that paintings boost happiness and bring good luck and peaceful energy to the home. Many clients told me my paintings alter the atmosphere and bring good vibes to their homes.

USP of my work

Painting is an infinitely minute part of my personality. It is a continuous learning and practising process and takes a lot of effort, patience, dedication and, most importantly, passion. Every artist has their own unique and individual style. As an artist, I consider a few elements while creating a painting

FOR EXAMPLE

- The choice of colours and shades,
- The patterns and their composition,
- The focal point of a painting is where the eye of the viewer is naturally led.
- The base of my painting like MDF or Canvas / Stretched Canvas / Synthetic Paper
- It should be original, unique, creative and innovative
- It's a medium like Acrylic or Resin,

The outcome of my painting depends on many things, but most of all, it is determined by the choice of colours and how I choose to apply, arrange, and group shapes and patterns in the painting also focuses on the focal point, which means "What is the painting about? What are you trying to say? "When I start a picture, I have a lot of enthusiasm and energy into it.

— *My Vision*

& MY MISSION

My Vision

Every artist has a vision. I, too, have the vision to achieve through my art. This can be something that not only creates a certain number of paintings but also brings joy to people's lives. I wish I could have more art exhibitions and workshops to collaborate. My journey in the art world has started, and I promise myself that I will do something out of the box and make India proud. In the future, I want to achieve something big by making my Indian Art Brand "Ranggat" number one through my paintings and honoring my country.

My Mission

- ✔ To provide my clients with fresh, authentic, innovative, and creative artwork.
- ✔ To remain open to new learning experiences and opportunities, without allowing inexperience to stand in the way.
- ✔ To work with a diverse and inclusive client base, collaborating with good people across the world.
- ✔ To make students the repositories of art knowledge and expertise, as they will be the next generation of leaders.

Dot mandala

Description:

Dot mandala art is a form of painting that uses dots to create intricate patterns and designs. Artists use tools or brushes to carefully place dots of paint, usually in a circular, radiating pattern, to form mandalas. This art form is known for its detailed and symmetrical designs, often resulting in vibrant and mesmerizing pieces that symbolize balance and harmony

DOT MANDALA

Dot Mandala Plate with Lotus Motifs

Description:

This artwork features a decorative plate adorned with intricate dot mandala designs and delicate lotus motifs. Amidst the mandala patterns, graceful lotus flowers and leaves are delicately painted, adding a sense of natural beauty and tranquility to the piece.

DOT MANDALA

COW AND LOTUS FLORAL MANDALA

Description:

This artwork features a serene depiction of a cow adorned with a dot mandala pattern of lotus flowers, set against a blue base shaped like a floral motif. The cow is depicted peacefully, symbolizing purity and gentleness.

GOLDEN NOIR DOT MANDALA

Description:

This artwork showcases a striking dot mandala design inspired by LED lights, created using a palette of black and golden hues. The intricate patterns radiate outwards from the center, resembling the mesmerizing glow and geometric precision of LED displays. The contrast between the deep black and shimmering gold adds a sense of elegance and modernity to the piece.

Dot Mandala

「Resin Art」

Description:

Resin art is a unique and beautiful form of artwork that has gained a lot of popularity recently. If you're interested in creating resin art or want to learn how, this guide is for you.

「Texture art」

Description:

Texture art is a type of artwork that you can touch and feel. Artists create this by adding different materials or thick layers of paint to their canvases, making the surface bumpy, rough, or smooth. This technique adds depth and interest, making the art look and feel more alive.
